

13777876 DIY STEM Zipline Craft Kit

The following item is considered a STEM craft. The instructions for this item are extremely simplified, as there is no right/wrong way to put this item together. The purpose of this product is to learn through the process of experimentation, and trial and error.

Instructions:

Decorate the cup however you choose.

Poke holes into the sides of the cup, thread the chenille stem through to create a handle. Take another chenille stem and form a hook, thread the bobbin on the hook.

Challenge kids to create their own version. How does adding extra weight affect the zipline basket?
