

13805648 DIY STEAM Egg Drop Kit

The following item is considered a STEAM craft. The instructions for this item are extremely simplified, as there is no right/wrong way to put this item together. The purpose of this product is to learn through the process of experimentation, and trial and error.

Instructions:

Have students use the materials to create a device to protect a falling egg.

Does the device protect the egg from a 1 meter drop?

Have the students design a model that will protect the egg from a higher drop distance.
