

13729479 Wood Craft Stick Camp Frame Craft Kit

- 1. Lay two brown craft sticks horizontally to create the base of the cabin.
- 2. Using glue (not included, if using a glue gun, adult supervision is required) adhere two brown craft sticks to each side of the horizontal sticks as shown below.
- 3. Glue the remaining brown craft stick across the top.
- 4. Take the green craft sticks and angle them to create a roof. Then glue them at the top and to the brown craft sticks to secure.
- 5. Peel and stick the two green trees to the side of the cabin. Write your name on the strip and attach to the base of the cabin.
- 6. Use the included adhesive foam rectangles to attach the satin cording to the back of the sign to create the hanger.
- 7. Use tape (not included) to adhere your picture to the back of the frame.
