

13942692 DIY STEAM Kaleidoscope Kit

The following item is considered a STEM craft. The instructions for this item are extremely simplified, as there is no right/wrong way to put this item together. The purpose of this product is to learn through the process of experimentation, and trial and error.

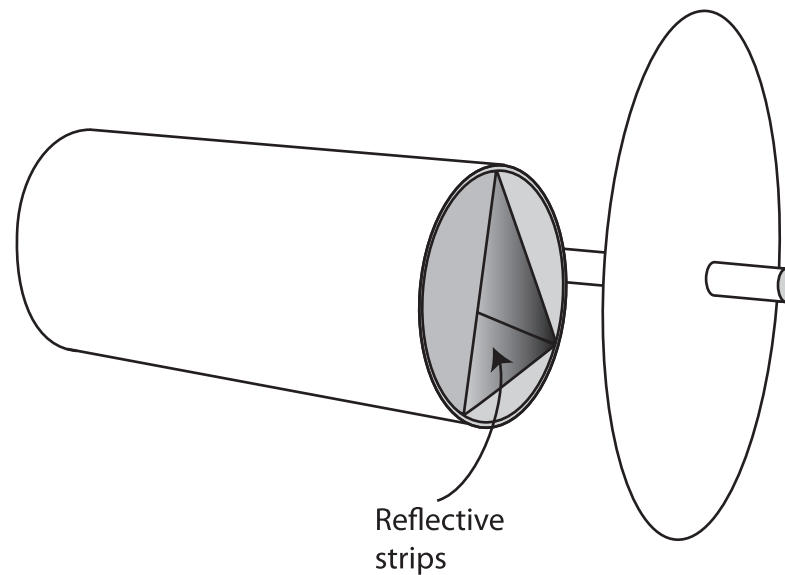

Instructions:

Assemble the silver reflective surface piece. Use tape (not included) to hold the edges of the reflective surface together. Insert assembled reflective piece into the craft tube.

Tape the straw along the top of your tube making sure part of the straw hangs over the edge.

Decorate the circle using markers, stickers, crayons etc. Place the circle onto your straw with the design facing the kaleidoscope. Look into your kaleidoscope while turning the decorated circle and explore all the reflections created by your design!
