

13943736 Western Covered Wagon Craft Kit

Instructions:

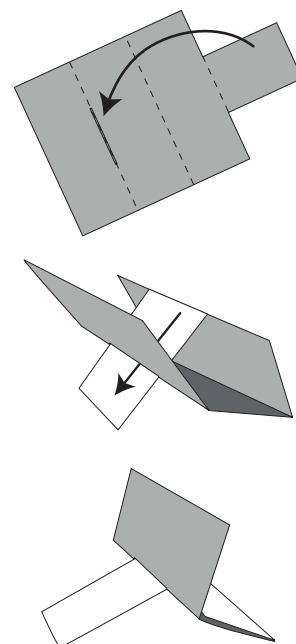

Step 1:

To assemble the wagon, fold along score lines popping out the wheels. Fold the box end over the side flaps and lock into place by inserting the tabs into the slots.

Step 2:

To assemble the seat, fold along score lines and insert the tab into the slot to make the bottom of the seat. Fold the back of the seat up. Insert the tab into the slot in the front of the wagon.

Step 3:

Fold the tab on the wagon handle and insert into the smaller slot on the front of the wagon. Add the wheels to the wagon as shown. Use the double-sided sticky foam strips to attach the cover to the inside of the wagon.
