

13774233 Fun House Mirror Instructions

Instructions:

Wash your hands before handling to avoid fingerprints. Open Fun House Mirror on a clean, flat surface. After removing the lighter color protective film from the (less shiny) back side of the mirror, place the adhesive tape where needed. Remove the darker protective coating from the mirror side and mount to a wall, door or other surface. Use the images below for tips on different effects.

Note:

Use this product indoors only. Keep away from water, wind and direct sunlight. Do not crease the mirror. For storage, roll mirror in a clean piece of paper and keep in a dry place.
