

14097182 Bright Colors Lantern CK

Instructions:

1. To make the tissue paper glaze, mix white glue (not included) with a small amount of water until the glue is a thin liquid.
2. Use a paintbrush (not included) to apply the glaze to one side of the clear acetate sheet. Place the tissue squares on the acetate and then cover with a layer of glaze. Allow time for the glaze to dry. Trim any paper squares that may be hanging off the edge of the acetate shape.
3. Place the dry acetate squares on the inside of the box and use a piece of tape to secure them to the sides.
4. Assemble the box. Secure the tabs into the slots on the opposite side to create the box shape. On the bottom of the lantern, fold down flap 1 (figure 1). Fold in flaps 2 and 3 (figure 2). Fold in flap 4 (figure 3). Close the top of your lantern to complete.
