

14105095 End of the Year Gumball Countdown Bulletin Board Set

Example of assembled bulletin board:

Use the End of the Year Gumball Countdown Bulletin Board as the school year comes to an end and students begin to look forward to summer vacation. When the bulletin board is first displayed, the gumball machine can begin empty or full. If beginning empty, add a gumball to the machine each day leading up to the last day of school. If beginning with a full gumball machine, remove a gumball as you count down the days left in the school year.

Suggested Fun Ideas

1. Make your bulletin board set last longer by laminating the pieces before use.
2. Personalize your bulletin board with students' names or display student work.
3. Use bright colored paper or fabric for your background.
4. Bulletin board sets can be used to display Student of the Week, as a job assignment display, or as an interactive tool for your curriculum.
5. Add your own balloons, silk flowers, crafts, strands of lights, or other 3D accents.
