

14105351 Sail Boat Craft Kit

Instructions:

1. Align the square holes of the foam ship top and foam ship bottom. Insert the pegs of the foam rudder into the aligned square holes at the bottom of the ship.
2. Insert the wood dowel into the small round hole at the top of the ship. Thread the foam sails and flag onto the dowel. Insert the foam octopus.
3. Remove the backing from the foam circles and stick them to the sides of the assembled ship.
4. If you choose to glue your pieces together, allow time for your craft to dry before using. (Glue not included.)
