

14145154 Holiday Bell Door Hanger Craft Kit

Instructions:

Note: Use caution if using a glue gun for this craft.

Using the picture as a guide, follow the instructions to assemble the craft as shown.

Stack two silver bells to create the layered bell shape. Tie one end of the fabric strip to a jingle bell and thread the other end through the large bells. Secure the loose end of the fabric strip to the metal circle. Do this for all three bells, then attach the pine by wrapping the wire around the ring. Tie bows with the remaining fabric strips and adhere using hot glue.
