

14194207 Growing Flowers Pop-Up Craft Kit

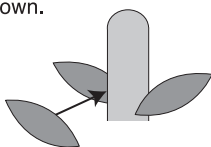

Instructions:

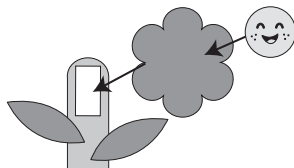

1. Color the printed scene and adhere the flowers and butterfly where desired.

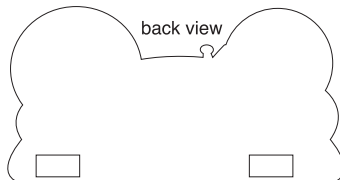

2. Sandwich the foam leaves to the craft stick as shown.

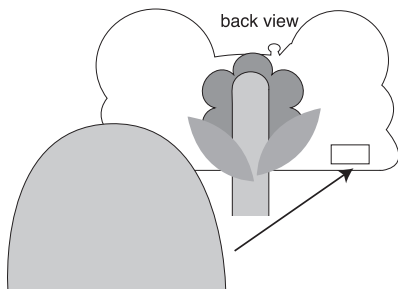

3. Assemble the flower together as shown. Then, using one of the double-sided adhesive tabs, adhere the flower to the craft stick.

4. Place two of the double-sided adhesive tabs along the bottom edge of the back of the paper as shown.

5. Place the flower craft stick between the two adhesive tabs, then adhere the blue foam piece as shown, with the two pieces lining up at the bottom.

6. Move the craft stick to make the flower pop up!
