

14207866 FAITH EASTER KINDNESS CHALLENGE

Ideas for use:

- 1) Place the pieces on a bulletin board and the students can each take an egg to perform that act of kindness during the week. Next week have them share what they did and how they felt after doing the act of kindness.
- 2) Tape the pieces on a door so kids can take an egg on their way in or out of the room. Challenge them to perform the act of kindness over the next week and be ready to share what they did with everyone. They could also write down what they did and describe how they felt and what happened in a journal or piece of paper to share.
- 3) Put the decorations and title on a wall above a table and put the eggs in a basket underneath the display. Challenge kids and adults to take an egg and perform the act of kindness described on the egg. Have them put their name on the egg and put the completed egg around the display.
