

14268554 Flower Fractions Craft Kit

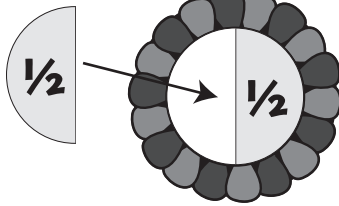

A hands-on way to work with fractions! See how different fractions equal the same whole by comparing the flowers.

Instructions:

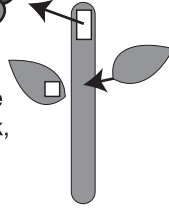

Using the picture as a guide, adhere the pieces together as shown.

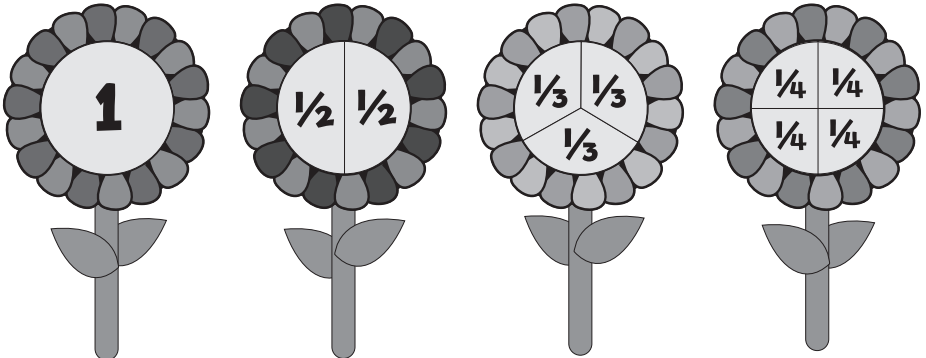

- 1.** Match the fraction pieces to the sections printed on the flowers, then adhere.

- 2.** Adhere the craft stick to the back of the flower using the double-sided adhesive foam rectangle.

- 3.** Adhere one leaf to the front of the craft stick and one leaf to the back, using a double-sided adhesive foam square for each leaf.
