

14324626 Follow the Star Scavenger Hunt

Game Directions

Grades: K-5

Players: 2+

Game Pieces: 2 gameboards, 20 cards, 1 game instruction sheet, and game storage bag

Directions: Hide the stars around the room, house, church, or any location you choose. Players collect the stars that tell the Nativity Story and place them in order on the gameboard.

Optional ways to use it:

1. Complete this scavenger hunt as a family, class, or large group. Once the stars have been found and placed on the board, read the verses in the order they appear on the gameboard.
2. Split players into two teams. Teams must find the stars in the correct order and place them on the gameboard as they are found. The first team to put all their stars on the board in order wins. Once both teams have completed the scavenger hunt, read the Christmas story together.
