

# 14335171 Stem Penny Spinner Craft Kit

## Assembly Instructions:

1. There are two different types of discs (thick paper and cardboard). Each student will get one of each type.
2. Use crayons or markers to color the top of the circles as desired.
3. Insert the penny halfway through the slit.
4. Holding the penny between your fingers, spin the top on a flat surface.
5. Test both spinners to see which disc spins easier and longer.
