

# 14352624 Paper Strip 3D Leprechaun Ornament Craft Kit Instructions:

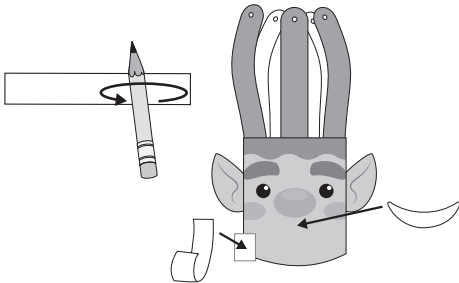

Using the picture as a guide, adhere the pieces together as shown.

1. Assemble the leprechaun head with the double-sided adhesive tab. Fold the ears forward a bit if needed.

2. Using a pencil (not included), curl the ends of the paper strips. Using the double-sided adhesive tabs, attach the curled paper strips and the foam mouth to the leprechaun face.

3. Gathering all of the hat strips together, align the holes and insert and close the brad. Slide the green circle onto the leprechaun head to the end of the strips to form the hat brim. Attach shamrocks to the base of the strips as shown. Loop the cording through the strips and tie the ends to make a hanger.
