

## 48/7362 Jingle Bell Necklace Craft Kit

1. Thread the large jingle bell onto the red cording and slide it to the center of the cord. Hold both the cord ends together and thread the large gold cap over both ends of the cording. The cap will sit on top of the large bell.
2. Separate the two cord ends and thread the plastic beads and smaller jingle bells onto each cord end, as shown in the picture.
3. Tie a knot after the last beads on each end to hold them in place. Thread the end of the cording through the plastic clasp and tie a knot. Trim the tipped end from the cording and pull the knot inside the clasp. Repeat for the other side of the cording.
